Here's the best part...

This short report is part of a project that I am working on. I want to take this report and make it into a full-blown video course that will be offered for free from my <http://www.TrainYourAffiliates.com> site. I need your help to do it though. After reading this report and going through it, head over to <http://wwwLizLive.com> and let me know what questions you have so that I can do videos detailing what it'll take to get you up and running as a "real" affiliate marketer. You'll have free access to the finished product just like everyone else, so be sure to let me know how I can help you.

I decided to write this report and start the development of this video course because I get desperate email upon desperate email from my readers all basically stating that they aren't making any money online. Their credit cards are maxed out, and they need money now.

That right there is one reason they are failing. If your sole purpose is to just make money, you're not going to make money. It sounds silly, but it's all too true. If you don't have some kind of drive, you're not going to get anywhere.

I won't elaborate on this much because Jimmy D. Brown has done such a good job with his ["How to Make A Six-Figure Income Online"](#) report. This report is a HUGE key to your online success, and you can download it free by [clicking here](#). I want you to finish reading this report before you do that though, but it's very important that you do go back and read it.

Don't get me wrong, we are all in this to make money, but providing people with something be it product reviews, videos showing how to use products, reports about products, or anything else that could help someone you will succeed with affiliate marketing.

However, there are a few other keys that you absolutely must have. The first one is a list... I just heard someone scream. ☺ It's okay! Building a list isn't that hard. I know you can do it, and I believe in you so much that I am going to give you one of my products that will show you how to build your own list right now starting today. It's called the ["List Builder Mentor System"](#). You can download it for free by [clicking here](#).

I've probably gotten more feedback off of this product than any other product I have put out there. I have watched people buy the product, build a list, and start making money in a matter of just a few days time, and I know you can be one of those people. Again though, don't get started on it until you have read this report in its entirety.

Okay, so now you want to help people by giving them good information, and by doing that, you'll be building a list at the same time. You are finally on the right track!

Now finding products to promote as an affiliate marketer is super easy. You can find tons of information products at <http://www.ClickBank.com>, (To find the best ClickBank.com products, I highly recommend [CbEngine.com](http://www.CbEngine.com). This site is a huge key in my affiliate marketing success.) and <http://www.PayDotCom.com>.

It will be even easier when people start taking notice of you because they'll be personally contacting you with their product with requests for you to promote it. ☺

Once you find products to promote to your list, here's where a lot of "wanna be" affiliate marketers smash against a brick wall. They have no clue how to write promotional

emails. There are so many mistakes that people make like making emails sound too formal, or talking too much in your email, or not telling the reader what's in it for them, and a ton of other mistakes people make.

So your next step as a true affiliate marketer is learning how to write promotional emails. My friend Michael Rasmussen just came out with an incredible free course called ["Email Promos Exposed"](#). This is an incredible video course on exactly how Michael writes his successful emails. You can get it by [clicking here](#). Michael is huge when it comes to making sales for product owners, and by modeling yourself after what he does, you'll be basically writing your own paychecks with the emails you'll be sending!

Special note: *There is a one-time offer after you sign up for ["Email Promos Exposed"](#). It's an absolutely incredible offer where Michael offers you 3 more videos and a ton of private label rights stuff.*

I highly recommend that you get this offer because you can 1) Get A LOT more information with the extra videos, and 2) you can use the private label products for content to send to that list you're building. This is actually a one-time offer you don't want to miss out on! [Click here](#) to get it now...

Okay, you're almost a REAL affiliate marketer, and not a "wanna be". By this point, you have decided to give good quality information in some form to promote products, and at the same time, you're building your list. You've found products, and now you know how to get people to buy those products.

You're now a real affiliate marketer and you're making some money, so there is one thing I think you should invest in now. It's called ["Affiliate Project X"](#). This is hands down, the best ebook I have ever read on affiliate marketing. No it doesn't explain what affiliate marketing is. If you're at this level, you don't need to know that. You need to know real tactics and techniques to help you make more money as an affiliate marketer. This is THE product to do

that, so make sure that once you have all the above done, and you start to see results from your list (meaning you are making money) then it's time for ["Affiliate Project X"](#).

You're now a REAL affiliate marketer. You're not the "wanna be" dreaming of making money, but continuously smashing your head against that "brick wall".

This report wasn't written to be an "all in one get you started to making money as fast as possible report", but the start of an amazing video course I will be putting together helping you succeed as an affiliate marketer. There is quite a lot of money to be made as an affiliate marketer, and I want to teach you all about it.

To be able to complete the video course though I need you to send me feedback on what you would like to know about affiliate marketing. You can do so by going to <http://www.LizLive.com> Just start a support ticket under **"Feedback"** and I'll do my best to take your comments into consideration when developing this free course.

Be sure to send this report to everyone you know who may be interested in affiliate marketing. Just be sure not to SPAM people. ☺ In order for this to be the best affiliate marketing video course I need as much feedback as I can get from as many people as possible. You'll be doing everyone a favor including me by sending them this free report.

To your success!

Liz Tomey
